Apps & Websites

Genea's Apps & Websites put everything your tenants need in the palm of their hand, allowing buildings to take advantage of the benefits of a centralized digital resource, without bearing the burden of maintaining and updating it.

Convenient for Tenants

Our building apps and websites provide a centralized resource for everything your tenants need. Impress your tenants and make onboarding a breeze.

Simplifies Communication

Getting information to tenants about new amenities or emergency situations is fast and easy. No more emails getting buried in the office manager's inbox.

Creates a Class A Experience

Use an app and website to showcase your amenities and present your building as ahead of the curve in embracing technology to improve the tenant experience.

KEY FEATURES

Centralizes building information in a single place.

Digitizes all tenant-facing forms, making them easy to find and submit.

Push notifications allow you to communicate with tenants in real time in case of an emergency.

Showcases onsite and nearby businesses.

Includes an events calendar to engage tenant with building activities.

Allows tenants to book resources like conference rooms within the app.

Provides a single portal for all tenant-facing systems, such as your work order system and overtime HVAC request system.

No logo? No problem. Our team creates all necessary content and design elements to give you a cohesive brand.

Flexible designs allow your app to accommodate and showcase the amenities that make your building unique.

Unlimited updates completed by our team, so your app never gets outdated.

"
Working with Genea has been effortless. From the start, they has been knowledge-able, professional, and timely with all our requests and questions. We are extremely satisfied with the way our website and app has been set up, thanks to Genea!
